

The Pamoja Mentors

Using Athletics to Build Life Skills in Kenyan Youth

Our Mission: To bring together professionals, students, community leaders, coaches, and athletes to enable the development of positive and lasting mentorships for the youth of Kenya.

What we Do: The Pamoja Mentors partners U.S. Student-Athletes with Kenyan athletes and role models to positively motivate and inspire homeless and otherwise stigmatized youth in Kenya's Rift Valley through summer sports and life skills camps. In keeping with the idea of "Pamoja" (Swahili for "Together"), the Pamoja Mentors enables U.S. and Kenyan students, athletes, professionals, and community leaders to learn and grow TOGETHER.
